

# Canada's Productivity Summit

Driving Investment for  
Economic Growth and Prosperity

October 16-17, 2024 • Calgary, AB

School of  
Public Policy

## Dr. Faheem Khan

CEO, Aro Robotic Systems and Fourien Inc.

Dr. Faheem Khan is the CEO of Aro Robotic Systems and Fourien Inc. He specializes in business development with emphasis on industrial automation through sensors, robotics, and artificial intelligence. With over eight years of experience in launching and scaling companies, he is dedicated to making robotics accessible and affordable, enabling businesses to automate repetitive and labor-intensive tasks. He has a MBA as well as PhD (in Electrical Engineering).
